Application No. 09/829,033

ORDER RETURNING UNDOCKETED APPEAL TO EXAMINER

This application was electronically received at the Board of Patent Appeals and Interferences on July 8, 2005. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is herewith being returned to the examiner. The matters requiring attention prior to docketing are identified below.

A review of the file indicates that the appeal brief filed October 6, 2004 and the examiner's mailed January 5, 2005 have used the format set forth in 37 CFR § 1.192(c). However, 37 CFR § 1.192 was abolished on September 13, 2004, and replaced by 37 CFR § 41.37(c). Accordingly, the appeal brief filed on October 6, 2004 and the examiner's answer mailed January 5, 2005 does not comply with 37 CFR § 41.37(c).

37 CFR § 41.37(c) states:

(c)(1) The brief shall contain the following items under appropriate headings and in the order indicated in paragraphs (c)(1)(I) through (c)(1)(x) of this section, except that a brief filed by an appellant who is not represented by a registered practitioner need only substantially comply with paragraphs (c)(1)(I) through (c)(1)(iv) and (c)(1)(vii) through (c)(1)(x) of this section:

(v) *Summary of claimed subject matter.* A concise explanation of the subject matter defined in each of the independent claims involved in the appeal, which shall refer to the specification by page and line number, and to the drawing, if any, by reference characters. For each independent claim involved in the appeal and for each dependent claim argued separately under the provisions of paragraph (c)(1)(vii) of this section, every means plus function and step plus function as permitted by 35 U.S.C. 112, sixth paragraph, must be identified and the structure, material, or acts described in the specification as corresponding to each claimed function must be set forth with reference to the specification by page and line number, and to the drawing, if any, by reference characters.

(vi) *Grounds of rejection to be reviewed on appeal.* A concise statement of each ground of rejection presented for review.

(vii) *Argument.* Each ground of rejection must be treated under a separate heading. For each ground of rejection applying to two or more claims, the claims may be argued separately or as a group.

(ix) *Evidence appendix.* An appendix containing copies of any evidence submitted pursuant to §§ 1.130, 1.131, or 1.132 of this title or of any other evidence entered by the examiner and relied upon by appellant in the appeal, along with a statement setting forth where in the record that evidence was entered in the record by the examiner. Reference to unentered evidence is not permitted in the brief. See § 41.33 for treatment of

Application No. 09/829,033

evidence submitted after appeal. This appendix may also include copies of the evidence relied upon by the examiner as to grounds of rejection to be reviewed on appeal.

(x) *Related proceedings appendix*. An appendix containing copies of decisions rendered by a court or the Board in any proceeding identified pursuant to paragraph (c)(1)(ii) of this section.

A review of the application indicates that the following appropriate sections are missing from the appeal brief filed October 6, 2004 and the examiner's answer mailed January 5, 2005:

1) "Summary of claimed subject matter" as set forth in 37 CFR § 41.37(c)(1)(v);

2) "Grounds of rejection to be reviewed on appeal" as set forth in 37 CFR § 41.37(c)(1)(vi);

3) "Argument" as set forth in 37 CFR § 41.37(c)(1)(vii);

4) "Evidence appendix" as set forth in 37 CFR § 41.37(c)(1)(ix); and

5) "Related proceedings appendix" as set forth in 37 CFR § 41.37(c)(1)(x).

A substitute appeal brief and a revised examiner's answer that is in compliance with 37 CFR § 41.37 are required. For more information on the Board's new rules see the web page entitled More Information on the Rules of Practice Before the BPAI, Final Rule at:

<http://www.uspto.gov/web/offices/dcom/bpai/fr2004/moreinfo.html>.

Application No. 09/829,033

In addition, there is no indication that an appeal conference was held because the examiner's answer contains only the typed names of the conferees. No signature or initialing by the conferees is present. The Manual of Patent Examining Procedures (MPEP) § 1208 states:

The participants of the appeal conference should include (1) the examiner charged with preparation of the examiner's answer, (2) a supervisory patent examiner (SPE), and (3) another examiner, known as a conferee, having sufficient experience to be of assistance in the consideration of the merits of the issues on appeal.

Upon receipt of the appeal case by the Board of Patent Appeals and Interferences (Board), the Board should review the application prior to assigning an appeal number to determine whether an appeal conference has been held.

Accordingly, it is

ORDERED that this application be returned to the examiner to: 1) hold the appeal brief of October 6, 2004 defective; 2) request appellant to file a substitute appeal brief in compliance with 37 CFR § 41.37; 3) vacate the examiner's answer and submit a revised examiner's answer in compliance with the new rules effective September 13, 2004 in response to the substitute appeal brief; 4) proper indication that an appeal conference was held; and 5) for such further action as may be appropriate.

Application No. 09/829,033

It is important that the Board of Patent Appeals and Interferences be informed promptly of any action affecting the status of this appeal (i.e., abandonment, issue, reopening prosecution).
